Maryland Judicial Corruption - FOIA Campaign

The Situation

Federal Case 8:25-cv-02006-TDC exposed systematic corruption in Maryland's judicial system. After the case was dismissed in just 2 days by a judge named as a defendant, I'm launching a comprehensive FOIA campaign to expose the truth.

Key Facts:

- Judge fled case after being sued for \$1
- 77-year-old replacement judge dismissed in 2 days
- Governor announced buyout program 1 day after lawsuit
- AG refused to investigate documented corruption
- Weekly illegal garnishments continue, based on income from over 16 months ago.
- Original Co-plaintiff lawsuit against me was illegal.

Case Number: C-08-FM-22-000821

WHY THIS MATTERS

Every FOIA request creates pressure. Every document revealed builds the pattern. Every citizen participating shows that corruption cannot hide.

They thought dismissing my case would end this. Instead, it freed me to investigate. Now I'm freeing you to help.

Sunshine is the best disinfectant. Let's shine light everywhere.

IMPORTANT FOIA TIPS

Response Timeline

- Agencies have ****20 business days**** to respond to your request
- They can claim additional time, but must notify you
- No response = deemed denial (you can appeal)
- Mark your calendar when you send each request

Fee Waivers

Always include this line: "I request a fee waiver as disclosure of this information is in the public interest and will contribute significantly to public understanding of government operations."

Expedited Processing

If ongoing harm, add: "I request expedited processing due to ongoing violations of civil rights and immediate threat to public interest."

THE POWER OF NUMBERS

****If a few people file these requests:****

- Multiple requests across agencies
- Thousands of attorney hours to respond
- Impossible to coordinate denials
- Patterns become undeniable
- Cover-up becomes impossible

****If you're a victim:****

- Your case matters
- Your evidence helps everyone
- Your FOIA could break the case open
- You're not alone anymore

****If you're a citizen:****

- This is your government
- These are your courts
- This is your right to know
- Corruption thrives in darkness

Dear Maryland Officials, Governor Moore, and Attorney
General Brown:

I write to inform you of concerning developments in
federal case 8:25-cv-02006-TDC, dismissed on July 24,
2025, under highly unusual circumstances.

Timeline of Events:

- June 25, 2025: I notified your offices regarding
judicial corruption concerns
- July 8, 2025: Judge Chuang issued discriminatory case management orders in writing
- July 15, 2025: I filed mandamus with Fourth Circuit
warning of bias (Case 25-1809)
- July 22, 2025: Case suddenly reassigned to Judge
Chasanow
- July 24, 2025: Judge Chasanow dismissed entire case (2
days after assignment)

Key Facts from Court Records:

1. Judge Chuang was removed without explanation after
cyber attack evidence surfaced
2. 77-year-old Judge Chasanow received case July 22,
dismissed July 24 (What judges throw a 77 year old woman under the bus?)
3. Federal conspiracy claims were recharacterized as
"domestic relations" (While that defendants was dismissed with prejudice by me- only officials remained)
4. Government agency filing as CO-PLAINTIFF was dismissed
as routine "ex rel"
5. The dismissal occurred while Fourth Circuit mandamus
was pending

Current Status:

The dismissal has freed me from litigation restrictions. I
can now:

- File FOIA requests without "active litigation"
exemptions
- Contact all parties directly without procedural
constraints
- Document these events publicly without court oversight
- Pursue all available remedies outside the judicial

system

Attached Documents:

1. My July 15 mandamus predicting exactly what would occur
2. July 24 dismissal order confirming those predictions

Request:

I respectfully request your offices investigate:

- Why Judge Chuang was removed after cyber evidence emerged
- How a 77-year-old judge dismissed federal claims in 2 days
- Whether standard procedures were followed in reassignment
- The characterization of federal crimes as "domestic relations"

This matter involves the integrity of Maryland's judicial system. Your continued silence, after being notified on

June 25, is now part of the documented record.

I note that your dismissal has freed me from all litigation restrictions. I can now:

- File unlimited FOIA requests without 'active litigation' exemptions
- Contact all defendants directly without procedural constraints
- Speak publicly without court-imposed limitations (I was never under any in writing)
- Document everything without judicial oversight

Your dismissal, intended to silence me, has instead given me more freedom than I had as a litigant. Ironically. Who approved this?

Corruption by the defendants and federal judges- documented in commit history (direct copies of public record from Pacer) <https://github.com/Caia-Tech/the-burden> ,

some also attached, also public record on pacer.

Mr. Wes Moore, Please explain to all Marylanders that your buyout program (June 24), one day after my lawsuit against corruption creates rare implications for those who chose the 20,000 to leave. They are owed this knowledge, before accepting the money. Also you said there is no hiring freeze. further documentation in Git. Marylanders deserve the objective facts, nothing here is accusatory.

Attorney general Anthony Brown, You failed to investigate corruption (proof attached). But you consider it your jurisdiction to fight against the federal government for rights of people from other continents.

The Fourth Circuit already has my mandamus petition (25-1809) documenting these exact concerns before they occurred.

Respectfully,

Marvin Tutt

Case 8:25-cv-02006-TDC (Dismissed July 24, 2025)

FOIA will provide now

P.S. - I note that most recipients were previously notified on June 25, 2025. Your offices have been aware of these issues throughout their development.
