Dear Marvin Tutt,

Thank you for contacting the Maryland Office of the Attorney General (OAG) with your request for public information records. We acknowledge receipt of your request as of August 1, 2025 and are currently reviewing.

To assist us in conducting an effective and thorough search, we kindly ask that you clarify the scope of your request. As it currently stands, the request is too broad to determine what records you are specifically seeking.

To help us move forward, please consider providing the following:

1. **The specific records or types of documents** you are requesting (e.g., correspondence, complaints, etc.);
2. **The division(s) or unit(s)** within the Attorney General's Office you believe may have handled your previous communications or matters;
3. **The approximate date range** of any relevant communications or submissions; and
4. Any **reference numbers or subject matter** associated with prior requests or interactions with our office.

Once we receive this clarification, we will proceed with processing your request in accordance with the Maryland Public Information Act.

Thank you again for contacting the Office of the Attorney General.

---

Dear, Marvin Tutt,

I am writing now to advise you that in processing your PIA request, for all correspondence regarding *Marvin Tutt*, it appears that most of the records currently in our custody and control consist of emails that you previously sent to us.

Please be advised that since the request does not sufficiently establish public interest to the people of Maryland, and the request written does not establish a benefit to Marylanders as a whole, we are assessing a fee to your request as permitted under the PIA, GP § 4-206.

We estimate that, at a minimum, it would take our office 5 hours to review the documents, prepare, redact (if necessary) and produce the documents. This estimated time is in addition to the initial two hours we spent processing the request free of charge as required by GP § 4-206(c). The anticipated minimum cost for the total estimated processing time is \$300.

If there are specific documents or types of correspondence you are seeking aside from the communications you either sent or are copied on, then we kindly ask that the scope of the request be narrowed, including key words to conduct an efficient search of records and as such we will wait to receive your narrowed request before we continue to process the request.

Once we receive your narrowed request, we will provide an updated estimate of fees based on the revised request.

Best,

Kavon Robinson

Understood. Since "most" are from me then the rest should be minimal with no cost right? I request ONLY records regarding Marvin Tutt that are NOT emails sent by me or on which I am copied. Specifically internal AG office communications about Marvin Tutt, communications with other agencies/courts regarding Marvin Tutt, memos, notes, or strategy documents regarding Marvin Tutt, any records created by AG office regarding Marvin Tutt matters etc.

Also, I need clarification on your 'public interest' determination:

1. Are you stating that judicial corruption and federal rule violations are NOT in Maryland's public interest?
2. Or are you suggesting that transparency about government misconduct might cause 'unrest' or other problems - which is a different legal standard entirely?
3. Please clarify: How is systematic judicial corruption, fraud in government calculations, and federal rule violations NOT a matter of public interest for Maryland citizens?
4. Please specify: Are you denying public interest because:
  - The alleged corruption doesn't exist?
  - The alleged corruption exists but shouldn't be exposed? (This is a different story, and something I can totally understand.)
  - Exposing corruption might embarrass officials or cause other harm?

The public has a fundamental interest in government accountability, judicial integrity, and constitutional compliance. Please provide the specific legal basis for claiming these issues lack public interest. FOIA IS public interest.

Federal program fraud and conspiracy to violate rights should fall under Maryland interest. A federal judge routinely violating federal laws regarding IFP pro se litigants is certainly Maryland's interest to know. Part of why I am requesting all records is in order to preserve the constitutional rights of Marylanders. If this weren't true, I never would have contacted this office in June. Your office is taking me seriously, as are courts and other agencies throughout Maryland. We both know what is going on, so why play games? serious question. Every obstruction attempt is documented. I understand that you will do everything to prevent me from obtaining clear evidence, but obstruction IS evidence. All your responses up until this point are evidence. Frivolous cases don't get treated this way. The costs everyone is accruing is from defending the indefensible, it is not because of me. We all know this.

I'm not fighting because I chose to, I'm doing this because I have no other choice. Look what your system created and is blaming me for. I am trying to follow the law just like you and I'm being charged for it while your peers are robbing me. If I do not stand up for Marylanders, who will? I'm tired of watching parents and people I care about get crushed.

This is not fair to you or anyone else just trying to do their job. The whole situation is absurd, everyone knows it's real and just keeps kicking it up the ladder.

Dear Marvin Tutt,

This email is in response to your request dated July 31, 2025 in which you requested certain records under the Public Information Act ("PIA"), Annotated Code of Maryland, General Provisions Article ("GP"), § 4-101 et seq. Your request stated:

"Hello, I am requesting all information regarding Marvin Tutt and my requests to the attorney general."

On August 1, 2025, our office sought clarification of the request, and you responded stating:

- "1. All of them relating to marvin tutt, and any info that is available to request.
2. All divisions, but most are info is in civil rights
3. any from June 22 2025 until now
4. I don't have any"

Upon you further narrowing your request on August 29, 2025, we were able to process your revised request as you provided:

"I request ONLY records regarding Marvin Tutt that are NOT emails sent by me or on which I am copied. Specifically internal AG office communications about Marvin Tutt, communications with other agencies/courts regarding Marvin Tutt, memos, notes, or strategy documents regarding Marvin Tutt, any records created by AG office regarding Marvin Tutt matters etc."

We have completed the search for and processing of the records within the custody and control of OAG pertaining to your request. Attached you will find records responsive to your narrowed request containing email communications that are not emails sent by you or are copied on.

Please be advised that we are withholding certain records in their entirety for the following reasons:

- Section 4-101(k)(3)(ii) of the Maryland Public Information Act specifically excludes "a record or any information submitted to the Public Access Ombudsman" from the definition of a public record, making such records non-disclosable under the MPIA. Additionally, these records are protected from disclosure under the Maryland Mediation Confidentiality Act (Courts and Judicial Proceedings Article §§ 3-1801 - 3-1806), which establishes confidentiality protections for mediation communications and related materials maintained by the Public Access Ombudsman.
- GP § 4-301(a)(1) of the Maryland Public Information Act protects confidential attorney-client communications made for the purpose of obtaining or providing legal advice.

Regarding your questions 1-4, I am not at liberty to answer as they are outside of the scope of my responsibilities as

the PIA representative here at the Office of the Attorney General (OAG), which only requires me to provide access to records in the custody and control of OAG.

If you believe this response is inconsistent with the OAG's obligations under the PIA, you may refer your concerns to the Office of the Public Access Ombudsman, and if the Ombudsman is unable to resolve the matter, you may subsequently seek a resolution from the Public Information Act Compliance Board for those matters within the Compliance Board's jurisdiction. See Md. Code Ann., Gen. Prov. §§ 4-1A-01 *et seq.* . *If you wish to contact the Ombudsman, you may do so by email addressed to [pia.ombuds@oag.state.md.us](mailto:pia.ombuds@oag.state.md.us) or by phone at (410) 576-6560. Alternatively, you are also entitled to seek judicial review under GP § 4-362.*
