Hi Mr. Tutt,

There has been several attempts to reach you by phone number 202-491-6776, stating that the subscriber is not in service. Is there another number to reach you? I am unsure of your concerns, but I reviewed the account adjustments that modified your order on July 28, 2025. I have confirmed that an amended income withholding order was sent on 9/2/25. Please provide a phone number so that we can communicate and discuss any and all concerns you may have.

Thanks.

**Robin Hopkins-Matos**

Ms. Hopkins-Matos,

Thank you for your email. Please note I request written communications only at this time. You may contact me at this same email (marvindtutt@gmail.com) and by mail at 5407 Brinkley road. I do not consent to phone calls or voicemail and I don't have a

stable phone number either way.

I have serious concerns about the accuracy and legality of the current support/account entries. To move this forward, please send the following by reply email (PDFs are fine):

1. All current orders and notices

- The July 28, 2025 modification/adjustment order (complete, signed).
- The Amended Income Withholding Order allegedly issued 9/2/2025 and proof of transmission to any payors/EDD/UI.

2. Calculations and data sources

- The guidelines worksheet(s) and calculation printouts supporting the present obligation and arrears balance.
- The data source(s) used to impute or assume \$82,000 income after I became unemployed in March 2024 (e.g., employer verification, wage reports, tax data, or other databases).
- Any case notes reflecting decisions to continue collections based on this imputed amount.

3. Complete account history

- Transaction ledger from 1/1/2022 to present (all assessments, credits, garnishments, intercepts, adjustments, fees).
- Identification of every period for which income was imputed rather than verified, with dates and reasons.

4. Enforcement status

- A list of all active enforcement actions (license, intercepts, credit reporting, contempt, etc.).
- Written confirmation whether collections have been updated to reflect unemployment and whether any refund/credit is pending.

5. Review/adjustment

- Please treat this as a formal request for review and adjustment based on substantial change in circumstances (unemployment since March 2024 and data errors).
- Confirm the review timeline and whether enforcement will be held in

abeyance while the review is pending.

6. Preservation

- Please preserve all records related to my case, including case notes, emails, call logs, calculation worksheets, data pulls, and communications with court personnel or other agencies.

Given the urgency, please acknowledge this request and provide the above within 10 business days. If something requires more time, send what you have now and give a date for the remainder.

I'm willing to resolve verified errors promptly once I have the complete record. Thank you.

You said you didn't know what my concerns are, i will address them but I do not require answers from DSS about them.

Main concern: Charles County ordered me to obtain a full bachelor's with 10 years backup time and 440 hours community service at lifestyles and the judge specifically wanted me to have no free time.

In 2022, the same court imputed full time salary and threatened me with contempt if i fail to pay

This created a scenario that was doomed to fail.

I immediately reported the problem and the court completely ignored me.

This year, i formally motioned for the court to review the facts again and relieve me the obligation. They scheduled a hearing, and relief was denied. Noticing something was off, i looked deeper into the issue and learned that my magistrate was DSS counsel for 9 years and CSA was suing me directly, not "ex rel". Effectively, the magistrate, plaintiff, counsel, enforcer, and incentivized are all the same people. Meaning no one ever had a chance for due process from the start. Everything is predetermined.

Another huge problem: CSA knows i don't make 82k but charge me for it anyway. It is financial warfare and retaliation. Not just DSS involved- also maryland OAG, state court, and federal/district court.

Recent concern: please review what happened on Oct 15 between William Greer and I

state court. He fled his own courtroom and couldn't answer basic jurisdictional questions. What's up with that? I didn't try to depose a judge. They all tried to play me like I'm stupid. He also said on record that Charles County Court has not communicated with OAG, District Court, or Fourth Circuit about my case which I KNOW is a lie and I have evidence - so do they. So I'm confused as to why CSA and all other parties think I'll be buried without having to touch merits. The cover up draws more attention!

They know what's going on, everyone knows what's going on. It goes much deeper but I won't get into it.

This is just FYI. Again, no response needed about those concerns. What I need is for my other requests to be processed - information, documents, preservation holds etc.

This is a sensitive issue please speak with supervisors before responding. I have patience. I am documenting everything, but I don't want to trip anyone up or bring more people into the situation. I want quiet fixes. I guess your emails are in response to my Google reviews - I posted them because the state is actively coordinating against me through multiple departments and doubling down on civil rights violations. They all know my situation and refuse to address merits. With respect to institutional inertia and policy, I choose not use all options available and let the law work its process. However, I won't be played with. By judge, by attorney, whoever.

I verify everything I said as true.

I'm sorry to bother you because this isn't your job. But I hope I answered your questions and it's enough to forward me to the right people. I'm only preserving my rights and trying to ensure Marylanders receive due process. I gave state agencies time to rectify or explain the issues and they chose conspiracy against rights. I am still holding back.

If I need to be directed to someone else for a formal PIA process or something else please let me know.

Sincerely,

Marvin D. Tutt

5407 Brinkley Road Temple Hills MD

Hi Ms. Hopkins-Matos,
Just following up on my October 23rd request for documentation about my data.
Any update?
Thanks,
Marvin
